### GREETINGS

On behalf of the people of the Palmetto State, welcome to the second annual Motorcycle Safety Fair sponsored by South Carolina Gold Wing Riders Association Lexington Chapter P and Carolina Honda.

Motorcycling is a popular form of transportation and recreation, and specialized training plays an integral role in your well-being as riders. Now in its second year, this event brings together experts, information and products that can help improve your skills and, ultimately, your safety on our roadways. The demonstrations and exercises provide an opportunity for you to learn more about preventing accidents and reducing injuries, and presentations will showcase the latest in protective gear. You also have a chance to take advantage of free inspections to help ensure that your machine is in top condition.

I'd like to thank the folks who worked so hard to ensure another successful fair this year and each of the participants for your interest in increasing safety among riders. Jenny joins me in wishing you all the best for a great day. Take care.

Sincerely,
